

RGBT1 Beam Trolley

Accredited to : EN 795

Material: Mild Steel

Size: H 220 x W200 x L260

Flange : 75-200mm

The easy installation to any beam makes the Ridgegear Beam Trolley a suitable fixing for any Fall arrest system. It can be adjusted quickly to the beam width by turning the main spindle. Safety is ensured by the special locking lever. The spindle and snap-pin stops are galvanised to protect against corrosion.

Because this clamp is accredited to EN795 it makes it suitable for man riding situations.
